April 2020 Issue

President's Message

We will not have a meeting at the Community Center on April 11. I am not a bit sad in writing that statement. I am optimistic that we remain proactive in slowing this pathogen.

But we miss everyone and wish we could all *Facetime* together. Can we try something else instead? *Show and Tell* is so much fun and provides inspiration and ideas for upcoming projects. Why don't we send an e-mail of our projects as we move through the next month of hibernation. If you have nothing in mind for a project, don't forget that our *The Woven Hugs* project is due in May.

Going stir crazy at home? BLUEPRINT TV is free until April 9 and includes, weaving, knitting, gardening, etc. Also, go to www.youtube.com to learn how to weave - from beginners classes to jacquard demonstrations.

After we've done all that, we can make pillows. Attached to the main body of the email is a pdf to weave a Gradient Throw Pillow, from our friends at Gist Yarn and Fiber.

Finally, reach out and call one another. Collectively we are a great resource for crafting. My phone is 904 485-4079. I look forward to hearing from you. Please stay happy and healthy.

Don't Forget! Your Woven Hugs are due at the May meeting. The pdf with all the information is attached to the same email as the Newsletter. Need more information? Contact Linda Schultz at flschultz@comcast.net.

Our April program, "Weaving on Gourds," has been postponed until at least May's meeting. Look for further information about it in the next Newsletter or by email.
