October 2016 Issue

Judi Leatherberry, Editor

The Newsletter is late in coming this issue due to the arrival and passing of Hurricane Matthew. Thank you for your patience!

From Susan Wallace: Here is Mary Ratcliff's response to my query about the deadline for submitting crochet chains for her project. I thought it might be good to get this info out before the Oct. meeting so those who want could start crocheting. Then perhaps we could put all the chains together at the Nov. meeting and get our contributions to her before the end of the month.

Mary's Response: Thank you for your interests in my project! Considering the installation will happen just prior to the opening, I will be accepting them up until December 3rd. However, I would prefer them not to all come in at the last minute. I have been rolling the crocheted chains back into a ball as I go, which seems to work rather well. Again thank you for your involvement in my project. If you have any questions or would like to visit me at my studio, please feel welcome to do so. :)

Here's where you can find more information: <https://m.facebook.com/MaryRatcliffInterwoven> or <http://bit.ly/MOCAinterwoven>. If you'd like to contact Mary directly, her email is <mratcliff2@gmail.com>.

Anyone who wishes to do this, please bring your crocheted chains to the November meeting!

Hello from North Louisiana,

Sarepta Brown Cotton is ready to send out raw brown cotton fiber from our 3-acre patch.

Fiber is \$40 dollars per pound. We shipped our first order of the season today. Six pounds of Sarepta Brown..... For this size order, I threw in a pound for free plus 1/2 pound of Red Beauty (white cotton) fiber.

If you would like to know more about Sarepta Brown Cotton, please visit my facebook page and look at photos of our crop.

This past weekend we held BOLLS TO BLANKET here in Sarepta, LA, to show the process from seed to finished blanket.
