October 2018 Issue

Judi Leatherberry, Editor

President's Message

It was so nice to see everyone again after the summer break. Though we weren't meeting monthly, we were actively responding to ideas and inquiries; The Guild has an exhibit at [Reddi-Arts](#) in Jacksonville and we held a hands-on exhibit at The 90th Anniversary of Penney Farms for their [Old Fashioned Farm Day](#). (Pictures begin on Page 4)

We look forward to another creative year, with comprehensive Guild workshops and field visits. The Programs committee has already scheduled a season of inspirational sessions and camaraderie. Come to the October meeting when we will feature weaving tricks and shortcuts as shared by members. This is in the spirit of Weaving Week which is October 2-8 this year.

Mark your calendars also, for the April picnic, where we will meet with the Gainesville Guild for a full day of show and tell, and weaving projects and stories to share. It was great to see everyone again. We look forward to seeing you next month!

Photos of and information about Tien Chu's samples of 1500 color gradations using Procion MX fiber-reactive dye on cotton. These samples can be valuable even if you aren't a dyer, because they show the effects of adding one color to another - which, in turn, will help your understanding of color mixing in handweaving. In particular, it will help you predict the color you get when blending warp and weft in plain weave. <https://www.tienchiu.com/dye-samples/procion-mx-on-cotton/>

Guild Goodies

The Guild has fiber, spindles, bobbins, shuttles, reeds, looms, spinning comb, carders, winders, hooks, pins, etc. for sale on a first-come, first-served basis. If you are interested in purchasing items, please come to the next Guild meeting or write to lnewcomer@regencyelectric.com with your specific search. Also, this Guild's Members will be selling items at their January meeting. Hope to see you then!--Lynn

Jennifer Moore Doubleweave Workshop

Only two vacancies in our February "Double Rainbow Workshop. " This has been a very popular workshop, statewide, and we are excited to have Jennifer Moore with us February 22-24, to explore both color and double weave. Please don't delay, the registration form follows.--Ann Wingate

DOUBLE RAINBOW WORKSHOP

This is perhaps the ultimate color sampler! No experience needed in doubleweave, but you should know how to warp your loom--either 4 or 8 shafts. Jennifer will give you directions on how to wind multiple colors in a rotational sequence so your loom will be ready for the workshop. "A basic two-layered structure will enable us to mix and match our colors, creating an amazing array of color mixtures. As you weave and your warp colors move past each other you will experience a visual feat of iridescence and moire patterns. We will also experiment with single layered structures such as warp rep and warp-faced twills and the effects that they create on this versatile warp. This sampler will provide a remarkable education in color theory and how optical mixtures work in weaving, as well as a great source of inspiration for future weaving projects." J. M.

Cost: 3 day workshop for guild members -- \$100.00

non-guild members--\$125.00

This workshop is limited to 20 participants, so register early to reserve a space. A non-refundable deposit of \$40.00 is required at registration and a final payment of \$60.00 is due by January 15, 2019. Please send your deposit of \$40.00 made payable to JAX Weaver's Guild to:
