## President's Message Do I Need to De-Stash?

Occasionally I take a serious look at my personal stash of fibers and yarns and think to myself, "I won't live long enough to use all these fibers". So, is it time to de-stash? Well, I'm not too sure as they are all 'good' yarns acquired with a purpose in mind. Yet, perhaps some are a little faded, dry-rotted, moth eaten, or just the wrong color. So, I will de-stash but only to make room for newer more beautiful yarns!

Still, it is a hard decision to part with any yarn, so: 1. Put on some good, peppy music; 2. Clear the shelves, bins, boxes of all yarns 3. Put it all on tables, the floor or someplace that allows you to see it all. 4. Then, one by one pick up every cone, skein, ball of yarn/fiber and ask yourself the following questions:

- A. Do I really like the color - is it faded?
- B. Is the fiber clean and stable - not rotten?
- C. Does it fit into my current design processes (if you are only making scarves, you might not need that rug yarn)?
- D. Will I actually use the yarn?

If the answer is NO to any of the above, then please set it aside to sell, donate, or alas, throw away.

Now, reorganize your sparkly clean storage area with your beloved yarns leaving space for all those new yarns you just have to have!!

Happy Weaving!

Judy

Our Guild President, Judy Jull, lucked into some linen just before our last meeting; many of the members had questions about using it, so here's some information gleaned from a couple of JWG members!

There are two issues of Handwoven magazine that dedicate a majority of the issue to the topic of LINEN. They are the March/April 1989 issue and the March/April 1997 issue. There are certainly more articles or projects using linen in lots of issues.

A friend reached out to me to find a quilter to assemble a memorial panel for the AIDS Quilt/Names Project. All materials will be provided and \$100 in compensation is available. I knew the person who is being memorialized in this panel and he was a truly wonderful person and gifted artist. Unfortunately, I am too constrained on time these days to assist with the panel myself. Thank you for considering this request and please share with anyone who think might be able to help.---Jennifer Hewett-Apperson [hewettapperson@yahoo.com](mailto:hewettapperson@yahoo.com)
