January Program

Inspired by Block Weaves by Lynette Holmes

4H Crackle and 8H Twill Blocks are two weave structures which have been inspirational in my handwovens. I will talk about the weave structures, how I have used them in different ways by changing block arrangements, treadling, color, and show examples from my collection of fabrics, scarves and table linens. If you have examples of these two structures, you are welcome to bring them.

Inspiration/Design Boxes

If you were unable to attend the holiday luncheon or did not know about the inspiration box exchange and would still like to participate you can bring a box and it at

exchange to the January meeting. Finished projects will still be due at the May picnic.
